

Marine Diesel Mechanic

Saunders Yachtworks, Gulf Shores, AL

Position Description:

We are seeking an experienced marine diesel mechanic who has experience working on Caterpillar, MTU, MAN, Cat, Cummins and Volvo engines.

Responsibilities:

- Inspect, maintain, and repair boats of all kinds
- Utilize diagnostic equipment to test and repair diesel engines
- Troubleshoot, test, repair, replace, remove and install vessel systems and components related to engines
- Conduct thorough assessment prior to starting a job including acknowledging the budgeted time
- Execute work orders to customer specification
- Maintain accurate records of services performed and receipt of parts and materials acquisition/return.

We boast a clean work environment, great work atmosphere, and an exceptional team! Salary is based on experience. Current dealer certifications are a plus

Field service diesel mechanics typically work on-site and across the Gulf Coast. Work vans are provided. Specialty tools including marine diagnostic computers and others will be provided but must have your own set of basic tools. Ability to handle physical workload, to include working in warm/hot weather, and must be available to work overtime in order to meet deadlines.

Candidates must pass a pre-employment DOT physical, drug screen, background check and have a clean driving record.

Company Description:

Saunders Yachtworks in Gulf Shores is the premier full-service boatyard on the Northern Gulf Coast. Our 150-ton Travelift attracts customers from Florida to Chicago to the Texas coast. Services include all aspects of vessel refit and repair including authorized diesel engine dealerships in-house. Founded in Mobile, Alabama, in 1959, Saunders has many years of experience in marine engine service and boatyard operations. This is a great opportunity for you to join an exceptional team!
