

Systems Technician

Saunders Yachtworks, Gulf Shores

We are seeking an experienced Systems Service Technician who has hands on experience in installing and servicing marine electronics, mechanical, and hydraulic operating systems. Ideal candidate will be ABYC certified.

Responsibilities

- Maintaining and installing air conditioning and refrigeration units, both air and water cooled
- Maintaining electrical systems, stabilizers, ElectroSea, water makers, filtration systems, sanitation products, Seakeeper, Seakeeper Ride, battery chargers and bow thrusters.
- Install and service marine electronics from brands like Furuno, Garmin, and Simrad.

Education and/or Work Experiences Requirements

- 3+ years of marine hvac, plumbing and electronic experience
- High school diploma or GED required
- Experience working in a physically challenging environment
- ABYC Marine Systems Certification is a plus

Qualifications

- Valid Driver's license
- Pass a background check, pre-employment physical and drug screen.

Position requires your own tools and a good multimeter. We boast a clean work environment, great work atmosphere, and an exceptional team! Salary is based on experience. Field service technicians typically work onsite, and across the Gulf Coast.

Saunders Yachtworks is an EEO Employer and does not discriminate in any of its hiring practices and operates a drug-free workplace.

Company Description

Saunders Yachtworks in Gulf Shores, Alabama is the premier full-service boatyard on the Northern Gulf Coast. Our 150-ton Travelift attracts customers from Florida to Chicago to the Texas coast. Services include all aspects of vessel refit and repair including authorized diesel engine dealerships in-house. Founded in Mobile, Alabama, in 1959, Saunders has many years of experience in marine engine service and boatyard operations. This is a great opportunity for you to join an exceptional team!
